College: Professional Studies

This program is designed primarily for professionals who hold positions of leadership in education or who aspire to provide educational leadership. The purpose of the program is to develop and enhance the functional capability of educational leaders. The research component is practitioner-oriented with emphasis on the utilization of research findings for decision making.

The degree is designed to meet the educational needs of regional place-bound, full-time employed professionals who will be selected from a wide range of educational backgrounds. These backgrounds include, but are not limited to, public school personnel, community college and university personnel, social and health related personnel, and military personnel. The Ed.S. Program will prepare professionals in the community to assume administrative and leadership positions.

In addition to general University requirements, students seeking the Ed.S. in Educational Leadership must meet the requirements listed below.

Course descriptions are listed alphabetically by prefix in the back of this *Catalog*.

ADMISSION REQUIREMENTS

Applicants must meet the minimum standards for admission to graduate studies. Additional requirements are the following:

- A. Master's degree from a regionally accredited college or university.
- B. Meet two of the following:
 1. GRE score of 1000,
 2. Master's degree GPA of at least 3.25,
 3. GPA of at least 3.0 on the last 60 semester hours of the bachelor's degree.

C. Letter of application to the program describing academic background and scholarly/research interest; educational objectives; and the names, addresses, and telephone numbers of three professional references.

D. In addition to the graduate admission application that is submitted to the Office of Admissions, students are required to submit an addendum to the COPS Graduate Office.

The completed application will be reviewed by the Graduate Program Admissions Committee. Upon admission, the student will be assigned an advisor.
