The B.A. degree program in Social Work, accredited by the Council on Social Work Education, prepares students to enter beginning professional social work practice. Students may complete portions of the major and/or minors on the Pensacola campus, and portions of the majors and/or minors at UWF/OWC Fort Walton Beach campus, or at Chipola College in Marianna.

Contact the department for information concerning the certificate.

PROGRAM REQUIREMENTS

In addition to general University requirements, students seeking the B.A. in Social Work must meet the requirements listed below. Consult with your academic advisor for courses which may satisfy both the General Studies requirements and common prerequisites.

The program requires 45 sh in social work courses and 3 sh of prescribed major-related courses and includes two field experiences. A practicum is part of the Introduction to Generalist Practice course, taken in the student's second term. This course introduces the student to agency practice. A field placement is part of the senior Field Instruction course. Students entering field instruction must meet department prerequisites and additional requirements stated in the department's CHOOSING TO HELP student manual (<http://cops.uwf.edu/copsweb/socwork.htm>).

All Social Work courses must be completed with at least a "C" to be counted toward completion of the degree requirements. No prior work or volunteer experience can be accepted for academic credit.

Because this is a professional preparation program, the department has an application for the Field Instruction courses SOW 4510 and SOW 4522. After declaring the Social Work major with the University, students must complete SOW 3103, 3113, 3203, 3313, 3322, 3350, 3503, 4232, 4233, 4403 with a grade of "C" or better in both academic and practice components, and complete and submit the Field Instruction application packet. Students must have an overall minimum GPA of 2.0, and a minimum GPA of 2.5 in the major as a prerequisite to SOW 4510 and SOW 4522.

Social work majors who have been inactive for three years prior to field placement will be subject to faculty review and may be subject to repeating their practice courses. Students must complete courses required for graduation within five years of entry in the major (usually the junior year) with no less than nine credits completed in any one year.

General Studies (36 sh)

Social Work majors should take STA 2023 to satisfy 3 sh of the mathematics component of General Studies.

For additional information see the General Studies section of this *Catalog*.

Common Prerequisites (15 sh)

State mandated common prerequisites must be completed prior to graduation, but are not required for admission to the program. Courses in brackets indicate substitutes from Florida public community/junior colleges and universities.
