Instructions for Completing & Uploading Financial Documents

In most cases, it is illegal for a student with an F-1 Student Visa to have a job in the United States. You must show us that you have enough money to live and study while you are here without a job.

The CFR form is the "Certification of Financial Resources" and is required for before receiving an I-20 Form because the CFR explains who is providing the money for your education & living expenses.

If the student is using the *student's money* from *student's bank*, then the *student* is the **CFR Sponsor**. Ask an official from *your* bank to complete the bottom half of the form.

- Step 3.1 <u>Download the CFR Form</u>
- Step 3.2 Complete the CFR Form (Sponsor signature & Bank stamp/signature)
- Step 3.3 <u>Upload the CFR and a copy of your passport.</u> (You may complete multiple uploads for extra documents.)

Definitions & Instructions:

CFR Student - The student applying for English classes.

<u>CFR Sponsor</u> - The person who <u>owns</u> the money must sign the CFR form. (Usually a family member, friend, or the student.)

<u>CFR Financial Institution</u> - The bank containing the **sponsor's money** must complete the bottom half of the form. A completed CFR form will include a signature and/or stamp from a bank officer. <u>Financial Institution Alternate Documentation</u> - Sometimes a bank will refuse to sign the CFR form. This is okay, but you should ask the bank to provide "Alternate Documentation" such as an *official letter* or *account statement* showing the "**Sponsor's Name**" and the **sponsor's current account balance** with the bank's official stamp/signature & date.

Upload Option #1:

You must upload a 100% complete CFR form (<u>Sponsor's Section</u> + <u>Financial Institution's</u> <u>Section</u>).
